AI Copilot Procurement Recommendation

Recommended Vendor: Al-Watan Chemicals (Operational Choice)

Al-Watan Chemicals is recommended as the primary supply vendor for this order. Although China Material Solutions offers the lowest unit price of USD 245.00/Pc (saving USD 17,200.00 overall), their proposal is under CIF Dammam Port terms, which requires Neproplast to handle customs clearance and local transportation. Furthermore, China Material Solutions has a long lead time of 21 days and requires a 100% LC payment. Al-Watan Chemicals delivers in just 5 days (Fastest) directly DDP Dammam Factory, has a superior delivery score of 95.5%, represents low supply risk, and accepts Net 30 Days payment, which makes them the most operationally secure and cost-efficient option.

Financial Savings & Cost Analysis

- Cost under Germany Polymer Group: **USD 239,080.00**
- Cost under Al-Watan Chemicals (Recommended): **USD 227,900.00**
- Cost under China Material Solutions (Lowest Bid): **USD 210,700.00**

- **Premium for Local Delivery (Al-Watan vs China):** **USD 17,200.00** (Justified by local DDP shipping, zero custom risk, and 5-day lead time)
- **Net Cost Savings of Al-Watan over Germany:** **USD 11,180.00**
